

## RECON 77 Saddle Bags Mounting Instructions

**Step 1:** As on other saddle bags, adjust the two main velcro straps on top so bags fit correctly on your bike.

**Step 2:** Push down on velcro to ensure a good strong connection.

**Step 3:** Use adjustable strap from one bag to secure to the other. Never route the strap under the wheel fender.

**Step 4:** Snap into the female clip under the protective cover.

**Step 5:** Roll up excess strap length.

**Step 6:** Secure with a rubber band like this. This is recommended with all luggage and backpack straps.

**Step 7:** Stuff the remains inside.

**Step 8:** Repeat for the other side.

**Step 9:** There are additional straps that are available for extra security. If not in use, wrap a rubber band around them and stuff back inside.

**Step 10:** Find the two forward straps.

**Step 11:** Connect upper strap to the opposite bag.

**Step 12:** Tighten securely.

**Step 13:** Repeat step 11 for the other side.

**Step 14:** Tighten securely.

**Step 15:** Route the strap through a secure mounting point on the chassis and back to the female clip.

**Step 16:** Tighten securely.

**Step 17:** Manage all excess strap and take care to keep it away from the rear wheel.
